

LEXHAWK LEGAL WRITING

WHAT WE DO?

Legal writers and editors in Lexhawk produce a wide range of written materials for the legal industry. From legal newsletters, brochures, and marketing copy to feature articles, web content, legal blogs, news reports and attorney profiles, our legal writing take many forms.

A few of the most common types of legal writing that we undertake are outlined below:

- Our feature writers publish articles on legal topics in print and web-based media.
- Web writers and bloggers of Lexhawk research, write and edit web content for online publications, law firm websites and law-based Internet sites and report the latest developments in the legal industry.
- Our corporate writers develop, write, edit and design a broad range of business materials for the legal industry, brochures, leaflets, web copy, newsletters, business letters, presentations, reports and academic materials.
- Legal analysts in Lexhawk summarize case law, prepare news summaries and analyze industry events for online legal information vendors.
- Lexhawk's brief writers perform research and draft briefs, motions, memorandums and other legal documents for law firm clients on a contract basis.
- Our legal editors perform copyediting, content editing and proofreading for a variety of legal publications.

OUR SKILLS

- Excellent grasp of the stylistic and mechanical aspects of writing and the fundamentals of English grammar and usage.
- We express ideas in a clear, organized, concise and logical manner and meet aggressive deadlines.
- Proficient legal experience and in-depth knowledge of the legal industry and legal terminology.
- Superior research skills and the ability to synthesize, draft and edit complex information.
- Our web writers and bloggers have expertise in HTML, SEO, meta strategy development, keyword research and online content management systems.
- Excellent knowledge of grammar, usage, punctuation, and style as well as a keen attention to detail and the ability to meet tight deadlines.
